Name			Initial Date							
COMPREHENSIVE NEUROLOGICAL EXAM										
Basic Learning Exam										
Eustacian Torque										
Awareness										
Hearing										
Auditory Retention										
Visual Retention										
Verbal Communication										
Verbal Control										
Concentration										
Body Points										
Corpus Callosum										
Glaucoma										
Vision										
Optic Chiasm										
Eye										
Eye Damage										
Thalamus										
Hypothalamus										
Pineal 1										
Pineal 2										
Pituitary										
Pituitary 2										
Cerebrospinal Fluid Pressure										
Vascular Tone										
Celiac Plexus System										
Central Nervous System										
Cerebrospinal Fluid System										
Cerebrovascular System										
Exteroceptive System										
Interoceptive System										
Meningeal System										
Nervous System										
Neurotransmitter System										
Parasympathetic Nervous System										
Sympathetic Nervous System										
Vestibular System										
Cannabis Exposure (diagnostic only)										
Benzodiazapine Exposure										
Brain (2-point for correction)										
Amygdala (2-point for correction)										
Hippocampus (2-point for correction)										
Substantia Nigra (2-point for correction)										
Programmed Sequences										
Addictions										
Dizziness 1										
Dizziness 2										
Motion Sickness										
Nausea										
Nervousness										
Norepinephrine, Decreased										
Palsy										
Paranoia										
Serotonin, Increase										
Spasms										
Tinnitus										

TBM™
TOTAL BODY MODIFICATION

Cranial Nerves										
Terminal (CNN or CN0)										
Olfactory (CN1) (2)										
Optic (CN2) (2)										
Oculomotor (CN3) (2)										
Trochlear (CN4) (2)										
Trigeminal (CN5) (2)										
Abducens (CN6) (2)										
Facial (CN7) (2)										
Vestibulocochlear (CN8) (2)										
Glossopharyngeal (CN9) (2)										
Vagus (CN10) (2)										
Spinal Accessory (CN11) (2)										
Hypoglossal (CN12)										
Techniques										
Energy Efficiency										
Vagus Energy Efficiency										
Brain Energy Efficiency										
Brain Trauma Energy Efficiency										
Brain XYZ										
Hamer Herd Complex										
Ceptive Dissonance										
Dopamine Reset										
Multiple Sclerosis										
Vials										
CNS Protection										
Neurotransmitters, Hormones & Cytokines 1										
Neurotransmitters, Hormones & Cytokines 2										
Supplemental Exams										
Comprehensive Sugar Exam										
Comprehensive Cobalamin Exam										
Additional Corrections
